History of Baba Group

In 1964, a visionary person in Kishangarh **Mr. Ramakishan Goyal**, had a vision for the business potential of textile technology, started **"Baba Fabrics"** with very few customers and some handful of employee which developed & grew day by day with time. As the requirement of business diversification, Baba Group started **"Baba Minerals Pvt. Ltd."** as a new Mining product processing/grinding unit at Nasirabad for the Domestic Glass and Ceramics market. But because of the Increasing demand of customers, Baba Group started one more Unit with the name of **"Shakti Minerals"** in 2007 specially for quartz grits under the flagship of Baba group and at the very next year 2008 another plant at Roopangarh named **"Tanush Micro mineral Pvt. Ltd."** for Calcium Carbonate minerals.

In year 2009 baba group marked the arrival of four fully automatic hi- tech production units at Shrinagar (Kishangarh); as their selling market in India & abroad was continuously increasing because of the modern systematic & quality production. As the demand increased continuously throughout the Asia & Europe regions, Baba group was defined as a symbol of quality in this processing field in the world market, so again in 2011 Baba group established four more state of art production unit at Shrinagar (Kishangarh) and because of the huge production & export they become awarded as the **"Top Exporter of North India"** by India Govt. in 2014-15. In continuation of these awards company has been awarded by Rajasthan Chamber of Commerce and Industry, **"Rajasthan State Award for export excellence-2014-15"**, **"Rajasthan State Export Award-2019"**, **"National MSME award"** for outstanding woman Entrepreneur and many other prestigious awards.

As the requirement of business diversification and huge requirement of raw material Baba Group registered a new factory **"Baba Super Minerals Pvt. Ltd."** with Brand Name **"BABA QUARTZ"** In 2017-18. After well establishment in Quartz market, Baba Group entered in a new field in FY 2022-23 and registered a new company **"Baba Flooring Pvt. Ltd."** with Brand Name **"FLOORREX"** to manufacture stone Plastic composite (SPC) Flooring and in F.Y. 2024-25 **"WALLEX"** to manufacture SPC Wall Panels.

CERTIFICATES:

|| Promoter's Profile

Qualified and experienced professionals have promoted the company:

Mr. Shree Gopal Goyal, joined family textile business in the year of 1982 in BABA FABRICS, and by year expanding business of bed sheet and getting a good response from the domestic market.

But diversification is the law of business, so start the mining/crushing business from 2006 in the name of BABA MINERALS, at Nasirabad (Ajmer) with a very small unit.

Group proud standing and the leading role, Company play today in the markets is the fruitful outcome of many years of carefully planned hard, dedicated and exhausting work years interposed by large-scale challenges, which were not but an incentive, motive and stimulant to attain further achievement, excellence and uniqueness.

Today the Group's brands have become distinguished and have a name that reflects quality and mastery not only in the India, but in all Asia, Europe and North African countries as well. Undoubtedly, the trust placed in Company by the suppliers and consumers is a badge of honors that maximized the responsibility falling on his shoulders to always provide the best. The expansion strategy to entering the quartz slab segment is adopted by group since its inception has contributed largely to consolidating its role as a key driver for promoting the economic cycle, and has large-scale effect to reach the largest possible segment of consumers, as Company's existing products have reached today. Maximizing the production cycle and operating complex of factories with their peak capacity has increased capacity to cover local, regional and international needs. The outstanding success Group achieved today did not happen by accident; rather, it is attributable to God in the first place, and then to Company's dedicated, large-scale efforts exerted by highly qualified and trained manpower that work backstage quietly, patiently, and earnestly. They work in the framework of a clear strategic vision, having firm faith in that group's success depends on the individuals' success.

Today Company has established itself as a market leader of international quartz stone market and that have contributed to the growth and development of the Indian mining sector.

|| Promoter's Profile

Mr. Shreegopal Goyal
(Chairman & Founder)

"Our proud standing & the leading role we play today in the markets is the fruitful outcome of many years of carefully planned hard, dedicated & exhausting work years interposed by large scale challenges, which were not but an incentive, motive and stimulant to attain further achievement, excellence & uniqueness. Since its origin, FLOORREX has focused on a sole objective; namely, to attain leadership & a pioneering position to be the first choice that meets all expectations. Today the Group's brands have become distinguished & have a name that reflects quality & mastery not only in India, but in all Asia, Europe & North African countries as well."

|| Director's Profile

Mr. Abhishek Goyal, after successfully completing his graduation has joined family business, which he inclined to do so and taking it forward to new heights. He brought about a directional change by shifting Baba Minerals policy of only processing minerals from its own mines.

He firmly believes in honesty and hard work, an integral part of the continued success of the Baba Group. He foresees Baba Super Minerals as a leading minerals company based on the growth momentum it has achieved in a brief span of two years. His international exposure combined with his ethics of corporate governance will provide fresh insight on attaining the highest standards in the minerals business.

He is an avid traveler and loves exploring exotic locations in particular, whenever he finds time from work. With his hold and goodwill in the industry, he was able to build a strong network of business partners and dealers for the Company much before the start of production of proposed slab division. It is due to his ability that Baba Minerals was able to thrive in this market due to his insights that have been used by the Company to develop growth strategies.

Mrs. Manju Devi Goyal, firmly believes in honesty and hard work, so she takes care about marketing, an integral part of the continued success of the Baba Group. She foresees Baba Super Minerals as a leading minerals company based on the growth momentum it has achieved in a brief span of two years. Her international exposure combined with her ethics of corporate governance will provide fresh insight on attaining the highest standards in the minerals business.

Mrs. Preeti Goyal, she takes care about company management for managing quality and laboratory, an integral part of the continued success of the Baba Group.

Mrs. Swati Agarwal, As a procurement director, she is directly involved in the sourcing and purchasing of products and services. Her role helps the organisation with saving money, minimising costs and increasing profits.

Environmental Commitment

At Baba Quartz we are as passionate about protecting the environment as we are about our products. We back up this pledge with action.

- From start to finish, our production processes are rigorously scrutinized from a health, safety and environmental perspective, with constant monitoring and reviews of processes, standards and results.
- We're proud to be the first quartz manufacturing company to have received the ISO 14001 certification – a standard that recognizes our competence in environmental management and performance.
- Our products meet the exacting Indian Green guard standards, and we've been credited by the National Sanitation Foundation for having surfaces safe enough for use in laboratories, healthcare facilities, and food preparation environments.
- Our recycled quartz stone surfaces contain up to 42% reclaimed quartz—making a real impact on preserving the world's precious resources.
- We're also a responsible and supportive employer. Our employees enjoy a safe workplace and we strive to deliver exemplary working conditions.
